

ADmits BRUTAL  
MURDER OF GIRLNew York Police Take Priest  
Into Custody.

TRIES TO COMMIT SUICIDE

Rev. Hans Schmidt Declares He Took  
Young Woman's Life and Dissem-  
bered Her Body Because He Loved  
Her—Confession Clears Up Mystery  
Surrounding Finding Parts of Re-  
mains in Hudson River.

New York, Sept. 15.—With the ar-  
rest of Rev. Hans Schmidt, assistant  
rector of St. Joseph's Roman Catholic  
church, charged with the murder of  
Anna Amuller, a domestic, the mys-  
tery surrounding the finding twelve  
days ago of parts of the dismembered  
body of a girl in the Hudson river  
was solved.

Schmidt, according to the police,  
has confessed and at the time of his  
arrest attempted to commit suicide  
by cutting his throat with a safety  
razor blade.

"I killed her because I loved her so  
much," Schmidt is alleged to have told  
his captors, but the police version of  
the motive for the crime is that the  
young woman was about to become a  
mother.

He had married her through a cere-  
mony of his own performing, without  
witnesses.

According to the police and the dis-  
trict attorney's office Schmidt's con-  
fession was full and absolute.

In it he is quoted as saying that he  
killed his companion with a butcher  
knife and cut up the body with the  
knife and a saw.

Woman Slain While Sleeping.

The deed was committed while the  
woman slept, shortly after midnight  
on Sept. 2, in an apartment in Brad-  
hurst avenue, where the priest had  
placed her five days before.

When her heart had ceased beating,  
according to the alleged confession,  
Schmidt carried the body from the bed  
to the bathroom and, placing it in the  
tub, began his gory task of cutting it  
up.

With the keen knife and the saw he  
cut off the head, arms and legs. Still  
fearful of detection he then cut the  
body in two.

Five bundles, wrapped in bed clothes  
and papers, were made of the six  
parts. Five times Schmidt left the  
apartment house with a bundle to  
cross the Hudson river to the Jersey  
shore.

Five times he leaned over the stern  
of the ferryboat in midstream and  
gently gave the river his burden. Then  
he returned to his church.

The stains of the girl's blood still  
discolored the bathtub when detec-  
tives searched the Bradhurst avenue  
apartment.

Schmidt told the police he had taken  
the mattress on which she lay when  
dealt the death blow, under cover of  
darkness, to a vacant lot near by and  
burned it.

In the apartment the police found a  
marriage license issued in New York  
last February and bearing the names  
of the priest and the murdered wom-  
an. This license had been used.

Both Priest and Bridegroom.

According to Schmidt's confession he  
went through a marriage ceremony  
with the girl. In this ceremony,  
Schmidt was both priest and bride-  
groom; there were no witnesses.

A gayly colored pillow of unusual  
pattern led to Schmidt's apprehension.  
This pillow, stained with blood and  
soiled with the filth of the river, was  
wrapped around a portion of the torso.

The detectives traced the pillow to  
its manufacturer; the manufacturer  
traced it to the dealer; the dealer  
traced it to Schmidt.

The police, tracing Schmidt and the  
girl, knew all about both of them  
hours before they arrested him.

Schmidt was arrested by Inspector  
Faurot, in charge of the detective bu-  
reau. The priest was dressed in full  
clerical garb when the detective en-  
tered his rooms in the parish house of  
his church in West One Hundred and  
Twenty-fifth street.

The inspector had produced a photo-  
graph of Miss Amuller and asked  
Schmidt if he knew the girl.

The priest after a moment of hesita-  
tion inquired whether his visitors were  
police officers.

He then asked permission to change  
his clothes and it was when he left  
the room that Inspector Faurot de-  
clared he attempted to cut his throat.

## BUSCH BLAMES SOCIALISTS

Bishop of Lead Says They Caused  
Controversy.

Deadwood, S. D., Sept. 15.—In a  
signed statement Bishop Joseph F.  
Busch of the Roman Catholic diocese  
of Lead, whose controversy with the  
Homestake Mining company and the  
citizens of Lead aroused such feel-  
ing, declares that he was misquoted  
and that Socialists in Milwaukee, and  
particularly Representative Victor  
Berger, were responsible for wrong  
utterances attributed to him.

He says he will later give a cor-  
rect statement of the address he made  
before the convention of Federated  
Catholic Societies of America at Mil-  
waukee last month.

CURRENCY BILL  
IS UNDER WAYTariff Measure Nearing Perfection  
in Conference.

EVENTS MOVING VERY FAST

Present Week Promises Marked Pro-  
gress Toward Inscrbing on the Statute  
Books Important Legislation  
Which President Wilson Has Been  
Pressing.

Washington, Sept. 15.—With the  
tariff bill being completed and the  
administration currency bill under  
way in the house, the present week  
in congress promises marked progress  
toward the inscribing on the statute  
books the legislation pressed by  
President Wilson.

The senate and house conferees set-  
tling points in the tariff bill in dis-  
agreement between the two houses  
have made much progress.

Senator Simmons and Representa-  
tive Underwood are confident that  
the present week will see all differ-  
ences settled and little difficulty is  
expected in procuring the adoption of  
the conference report.

The house this week will take up  
the currency bill in detail. Republi-  
cans and Progressives set forth at  
great length their objections last  
week to the measure and the Demo-  
crats entered their answers.

With the grist of argument out of  
the way the measure will be taken up  
for amendment and, although the ap-  
proval of the Democratic caucus is  
expected to prevent any changes, at-  
tempts will be made to alter the pro-  
visions most bitterly attacked.

The section providing that national  
banks shall subscribe 20 per cent of  
their capital and 5 per cent of their  
deposits to the proposed federal re-  
serve banks, and the provision mak-  
ing reserve banks' notes government  
obligations, will be the principal  
points of attack.

Attempts will be made to limit the  
broad powers now conferred by the  
bill on the federal reserve board.

Majority Leader Underwood hopes  
to get to a final vote on the bill this  
week, however, and send it to the  
senate.

## BUSINESS MEN WANT PEACE

Labor War in Copper Country Threat-  
ening Trade.

Calumet, Mich., Sept. 15.—The Cop-  
per Country Commercial club, with a  
membership of 500 business men of  
the copper miners' strike district, de-  
cided at a meeting to offer mediation  
to the strikers and operators in an  
effort to settle the strike, which is  
threatening business interests.

The club's proposition, which is  
understood to have the backing of  
Governor Ferris, was referred to by  
both President Moyer of the Western  
Federation and Treasurer Lennon of  
the American Federation of Labor in  
their addresses to 3,000 strikers. Both  
declared that any plan which was as  
fair to the men as it was to the op-  
erators would be considered.

## NEW RULES FOR ENGINEERS

Hartford Road Makes Plans in the  
Interest of Safety.

New Haven, Conn., Sept. 15.—In  
what is claimed "the interest of  
safety," new rules governing the pro-  
motion of firemen and engineers and  
for "the discipline of both," were  
promulgated by the New York, New  
Haven and Hartford railroad, "effec-  
tive at once." A committee of the  
Brotherhood of Locomotive Engineers  
has had five conferences with General  
Manager Bardo, during which opposi-  
tion was expressed to the changes.

In future engineers will have to  
have at least one year's experience  
before being placed on passenger lo-  
comotives and two years' experience  
before being allowed on fast trains.

## FATAL TEST TRIP.

Bucharest, Rumania, Sept. 15.—An  
aviator named Valcu, who recently de-  
signed an aeroplane which he christened  
"Mad Flu," fell during a test  
and was killed. He was pre-  
paring to fly over the Carpathian  
mountains.

## INVENTORY OF POSTOFFICES

Uncle Sam to Find Out Just What  
Property He Owns.

Washington, Sept. 15.—An inven-  
tory of all postoffice property of the  
United States is to be undertaken by  
the postoffice department.

It will mark the first attempt of  
that department of the federal govern-  
ment to obtain an accurate census of  
its immensely valuable property.

The idea originated with Post-  
master General Burleson.

## THAW IN CUSTODY.

Sheriff Drew of Coos County  
Taking the Prisoner to Court.

Harry Thaw has been in custody of so  
many sheriffs and other officers recently  
that he does not mind. In this picture the  
fugitive is shown walking down the street  
of Colebrook, N. H., with Sheriff Drew of  
Coos county. He was going to court to  
make application for a writ of habeas  
corpus.

## FEDERAL JUDGE ISSUES WRIT

Thaw to Appear in Court at Littleton  
Tuesday.

Colebrook, N. H., Sept. 15.—Thaw  
perpetually recurring writ of habeas  
corpus which has so often dotted the  
career of Harry K. Thaw since his  
incarceration in Matteawan as the in-  
sane slayer of Stanford White crop-  
ped up again in his fight to resist  
extradition from New Hampshire  
after his unexpected deportation from  
Canada. This time, the first time in  
the history of Thaw's efforts to re-  
gain his liberty, the writ was issued  
by a federal court.

United States Judge Aldrich, in the  
district of New Hampshire, granted  
the application of three of the Thaw  
lawyers, Martin, Shurtleff and Olm-  
stead, and made it returnable at Lit-  
tleton on Tuesday.

Mrs. Mary Copley Thaw, the aged  
mother of Harry K. Thaw, appealed  
by telegram to Governor Felker for a  
fair hearing for her son.

AMERICANS FALL  
INTO REBEL HANDSHundred Refugees Reported Cap-  
tured in Mexico.

Mexico City, Sept. 15.—One hundred  
Americans, including a number of  
women and children refugees from  
Toreon, are reported to have fallen  
into the hands of rebels while pro-  
ceeding overland to Saitillo.

Authorities at Saitillo decline to  
take the responsibility of sending a  
force to their rescue, fearing, they say,  
that the rebels might commit atroci-  
ties upon the refugees which would  
possibly otherwise be avoided.

The report comes from an official  
source at Saitillo, but has not been  
confirmed. The American embassy  
has called upon Mexican forces to in-  
vestigate.

Senor Gamboa, the foreign minister,  
expressed regret, but added that it  
was no more than might be expected  
as the result of the "neutrality pol-  
icy" of the United States.

The Americans are headed by De-  
puty Consul General J. C. Allen of  
Monterey, who went to Toreon to no-  
tify American residents there of Pres-  
ident Wilson's exit warning. They  
left Toreon Sept. 1.

## DANCERS KILLED BY TRAIN

Young People Returning From Party  
Meet Accident.

Salt Lake City, Sept. 15.—Two were  
killed and six injured, two probably  
fatally, near Ashton, Ida., when the  
Yellowstone flyer on the Oregon Short  
Line struck a vehicle carrying a party  
of young people from a dance.

Those killed were Clara Martindale  
and Lee Drollinger. All of the party  
were between the ages of seventeen  
and twenty-two.

DEMAND CONTROL  
OF ALL UTILITIESDistrict a Good Place to Try  
Out Government Ownership.

AGITATION AFTER WRECKS.

Expect Much Litigation Following  
Passage of Tariff Bill—Many of the  
Cases Will Be Heard in Commerce  
Court—Lobby Investigation Commit-  
teemen Are Weary.

By ARTHUR W. DUNN.

Washington, Sept. 15.—[Special].—  
Everything that happens seems to give  
an impetus to government regulation  
—if not control—of public utilities.  
This does not mean government own-  
ership, but government supervision.  
Railroad wrecks stir up congressmen,  
so that they appropriate money for  
investigations and to strengthen the  
interstate commerce commission; dis-  
asters at sea give congressmen an op-  
portunity to extend control over ocean  
transportation, and the constant com-  
plaint against domination of corpora-  
tions is building up a demand for gov-  
ernment regulation of big business.

Here in the District of Columbia,  
where the people have long suffered  
under exactions and poor service of  
public service concerns, the demands  
have taken shape in a proposal for the  
acquisition of such concerns by the  
District government and their opera-  
tion under a municipal ownership plan.

Good Trying Out Place.

What is left of the "ten miles  
square," which once was dedicated to  
absolute government control, is consid-  
ered a fine place to try out the gov-  
ernment ownership idea in this coun-  
try. If it does not work it can be  
abandoned, and other municipalities,  
now looking toward ownership of pub-  
lic utilities, will be warned in time  
and escape the disasters which might  
follow—if they should follow. Con-  
gressman Cresser, a disciple of Tom  
Johnson of Cleveland, has introduced  
a plain, simple bill for the acquisition  
of public utilities in the District, and  
many people think it may pass the  
house and possibly the senate.

Murray and Bryan Part Company.

For the first time since Bryan's flag  
was raised in 1893 "Alfalfa Bill" Mur-  
ray of Oklahoma fails to follow him.  
Much to the surprise of everybody,  
Murray turned loose with a speech in  
the house in which he severely criti-  
cized the administration policy in Mex-  
ico, going so far as to call it "coward-  
ly." Incidentally he threw quite a  
number of rocks at the "peace" policy  
upon which the secretary of state has  
laid great stress during the brief time  
he has conducted foreign affairs.

"Intervention and the protection of  
American citizens do not mean war,"  
declared Murray. "They do not mean  
the acquisition of territory. A sound,  
just and comprehensive American pol-  
icy consists of this: A well equipped  
and thoroughly trained but relatively  
small, army and navy; the extension  
of American commerce with all na-  
tions; commerce with all nations, but  
entangling alliances with none; adhe-  
rence to the Monroe doctrine as the  
sheet anchor of protection to Ameri-  
can institutions on the western hemi-  
sphere; the protection of American citi-  
zens wherever they may be; the pres-  
ervation of liberty, the integrity of the  
nation—all this by peaceful diplomacy  
if possible; by force, if necessary."

"That Tired Feeling."

As an example of that "tired feel-  
ing" the senators who have been con-  
ducting the lobby investigation are  
fair examples. When they will get  
through and when they will make  
their report are questions to be an-  
swered in the distant future.

Look For Litigation.

"There will be rich pickings for the  
lawyers as a result of the new tariff,"  
was an opinion expressed by a man  
not in a partisan sense, but as a mat-  
ter of opinion. "The new law makes  
so many changes that it is bound to  
lead to many cases in court. Fortu-  
nately they will come in the customs  
court and be disposed of without much  
delay."

Can't Be Smothered.

The time has gone by when any man  
can be smothered in the house if he  
has ability and voice enough to make  
himself heard. "Alfalfa Bill" Mur-  
ray of Oklahoma is an example. He was  
arrested, although he is still in his first  
session in the house. He just declared  
himself in with the same rights as any  
man who had been there for a decade.  
Having the ability and voice he stay-  
ed in.

It Is Alive to Vie.

Although reports are circulated from  
time to time indicating that the Pro-  
gressive party is retrograding, it is  
safe to say that the party is alive to  
Victor Murdock, the leader in the house.  
No day passes that he does not show  
that there is a second minority party  
and that he is the leader. He takes  
just as prominent a part in everything  
as Jim Mann and sometimes is ahead  
of Mann in getting recognition and  
speaking his piece. Perhaps it is true  
that the coming absence of Colonel  
Roosevelt in South America has damp-  
ened the spirits of the Progressives a  
bit, for many of them feel the need of  
his strong arm in their political work.

the fair maiden is married and sets

## COMING HOME ON LUSITANIA

Remains of Mayor Gaynor Are Now on  
High Sea.

Liverpool, Sept. 15.—The body of  
the late mayor of New York, William  
J. Gaynor, is now aboard the steamer  
Lusitania at sea, after receiving hon-  
ors here seldom paid to any except  
England's most illustrious dead.

The Lusitania sailed for New York  
and is due there Friday.  
Acting under the instructions of the  
lord mayor the port authorities ex-  
tended every possible courtesy. The  
body was removed without the usual  
examination and was placed in a mor-  
tuary chapel aboard ship.

Rufus Gaynor, the mayor's son, ac-  
companied by the American consul,  
Horace Lee Washington, boarded the  
Lusitania and was received by Cap-  
tain Charles and City Councilman  
Maxwell, to whom he expressed his  
great gratitude for the high honors  
which Liverpool had paid to his father.

GRAND ARMY MEN  
INVADE THE SOUTHNational Encampment in Full  
Sway at Chattanooga.

Chattanooga, Tenn., Sept. 15.—In  
their first peaceful invasion of the  
South thousands of Union veterans  
arrived to attend the forty-seventh an-  
nual encampment of the Grand Army  
of the Republic.

The encampment will continue  
through Saturday.

Chattanooga is in gala attire for  
the encampment. Survivors of the  
army which caused the Confederacy  
to totter in the bloody battle of Chick-  
amauga, fought here fifty years ago,  
were greeted with the same cordiality  
shown the United Confederate veter-  
erans.

Committee meetings and receptions  
occupied the first day of the session.  
Impressive military demonstrations  
are scheduled for Tuesday. In the  
evening the welcoming address will  
be delivered by the national, state  
and city officials at a campfire meet-  
ing.

The impressive parade of the Grand  
Army of the Republic will take place  
Wednesday morning.

Thursday and Friday will be de-  
voted to business sessions, while  
sightseeing tours will conclude the  
encampment Saturday.

## WOULDN'T PAY DUTY SUNDAY

Prefers to Lose Cloth Than Enter Into  
Business Transaction.

New York, Sept. 15.—The first man  
on record at this port who refused to  
pay duty on an imported article be-  
cause the tax had been imposed on  
the Sabbath was Angus MacPherson,  
a storage passenger, who arrived  
here by the Anchor Line Cameronia.

MacPherson had brought in a bolt  
of cloth, the value of which exceeded  
his \$100 allowance, and a duty of  
\$4.65 was put upon the importation.  
The pious traveler informed the in-  
spectors that he would enter into no  
bargains with the United States gov-  
ernment on a Sunday, as it was  
against the teachings of his faith.

When told that the duty would have  
to be paid or the cloth detained the  
Scotchman said he was willing to let  
the cloth go if he had to break the  
Sabbath by a business transaction.

## KILLED IN BORROWED AUTO

Two Others Injured When Car Goes  
Over Embankment.

Fort Wayne, Ind., Sept. 15.—Bessie  
Geary, twenty-four years old, of  
Montpelier, Ind., and Willard Fryback,  
aged twenty, of Bluffton, are dead as  
the result of an automobile accident  
which ended a wild ride in a borrow-  
ed car.

Hazel Stewart, also of Montpelier,  
and Jack Lindemann of this city, the  
other occupants of the car, are un-  
conscious at a local hospital.

The automobile skidded on a turn  
in the outskirts of the city and  
plunged down a ten-foot embankment.

GOVERNOR HOPES  
FOR ACQUITTAL

HULL'S HAT IN THE RING

Speaker of Wisconsin Assembly to  
Try for Governorship.

Milwaukee, Sept. 15.—Speaker  
Merlin Hull will have to be re-  
ckoned with as a gubernatorial  
candidate. This was the last bit of  
news to come out before the poli-  
ticians, who gathered in the city dur-  
ing the week, left for home.

Mr. Hull has told his friends that  
he has decided to enter the race.  
There is a bare possibility that, in  
case the La Follette leaders cannot  
get C. H. Crownhart to run, that  
they will lean towards Mr. Hull. He  
always has been a strong La Fol-  
lette man, but is inclined to inde-  
pendency.

Fatally Stabbed Defending Bride.

Chicago, Sept. 15.—In attempting  
to avenge an insult offered his pretty  
young bride Tony Basta, aged  
twenty-three, was fatally stabbed by  
an unidentified man, who fled from  
a crowd of pursuers. Basta attacked  
the man when his wife told him he  
had made improper proposals to her.

Dies at Age of 101.

Batesville, Ark., Sept. 15.—William  
Adams, 101 years old, whose oldest son  
is seventy, died at his home here.

HEAVY HUNTING TOLL.

Grand Forks, N. D., Sept. 15.—  
Five dead and three serious-  
ly injured is the record of  
hunting accidents during the  
first week of the open season  
for small game. The number  
of accidents is the largest in  
the history of the state for  
such a short period. Of the  
dead two were killed by the  
accidental discharge of shot  
guns in which runaways figure;  
one drowned in attempting to  
recover ducks; one was killed  
by his companion, and the  
other was killed by the dis-  
charge of his gun while driv-  
ing, the jolt of his carriage  
discharging it.

GOLDFIELD DAMAGE \$200,000

Two Women Are Drowned and More  
Than Fifty Cottages Wrecked.

Goldfield, Nev., Sept. 15.—Damage  
resulting from the Saturday's cloud-  
burst is placed at \$200,000. Two wom-  
en were drowned and more than fifty  
cottages wrecked. Members of  
the Elk's lodge cared for the homeless.

TWO GIRLS IN AUTO, KILLED

Father and Mother Severely Injured  
When Train Strikes Machine.

Chicago, Sept. 15.—Grace and Mary,  
the seven and five-year-old daughters  
of Orvis, Clapsaddle, were killed and  
their father and mother were injured  
severely when the automobile in  
which they were riding was struck by  
a passenger train on the Chicago and  
Eastern Illinois road.

MURDER OF GIRLNew York Police Take Priest  
Into Custody.

TRIES TO COMMIT SUICIDE

Rev. Hans Schmidt Declares He Took  
Young Woman's Life and Dismem-  
bered Her Body Because He Loved  
Her—Confession Clears Up Mystery  
Surrounding Finding Parts of Re-  
mains in Hudson River.New York, Sept. 15.—With the ar-  
rest of Rev. Hans Schmidt, assistant  
rector of St. Joseph's Roman Catholic  
church, charged with the murder of  
Anna Aumuller, a domestic, the mys-  
tery surrounding the finding twelve  
days ago of parts of the dismembered  
body of a girl in the Hudson river  
was solved.Schmidt, according to the police,  
has confessed and at the time of his  
arrest attempted to commit suicide  
by cutting his throat with a safety  
razor blade."I killed her because I loved her so  
much," Schmidt is alleged to have told  
his captors, but the police version of  
the motive for the crime is that the  
young woman was about to become a  
mother.He had married her through a cere-  
mony of his own performing, without  
witnesses.According to the police and the dis-  
trict attorney's office Schmidt's con-  
fession was full and absolute.In it he is quoted as saying that he  
killed his companion with a butcher  
knife and cut up the body with the  
knife and a saw.

## Woman Slain While Sleeping.

The deed was committed while the  
woman slept, shortly after midnight  
on Sept. 2, in an apartment in Brad-  
hurst avenue, where the priest had  
placed her five days before.When her heart had ceased beating,  
according to the alleged confession,  
Schmidt carried the body from the bed  
to the bathroom and, placing it in the  
tub, began his gory task of cutting it  
up.With the keen knife and the saw he  
cut off the head, arms and legs. Still  
fearful of detection he then cut the  
body in two.Five bundles, wrapped in bed clothes  
and papers, were made of the six  
parts. Five times Schmidt left the  
apartment house with a bundle to  
cross the Hudson river to the Jersey  
shore.Five times he leaned over the stern  
of the ferryboat in midstream and  
gently gave the river his burden. Then  
he returned to his church.The stains of the girl's blood still  
discolored the bathtub when detec-  
tives searched the Bradhurst avenue  
apartment.Schmidt told the police he had taken  
the mattress on which she lay when  
dealt the death blow, under cover of  
darkness, to a vacant lot near by and  
burned it.In the apartment the police found a  
marriage license issued in New York  
last February and bearing the names  
of the priest and the murdered wom-  
an. This license had been used.

## Both Priest and Bridegroom.

According to Schmidt's confession he  
went through a marriage ceremony  
with the girl. In this ceremony,  
Schmidt was both priest and bride-  
groom; there were no witnesses.A gayly colored pillow of unusual  
pattern led to Schmidt's apprehension.  
This pillow, stained with blood and  
soiled with the filth of the river, was  
wrapped around a portion of the torso.  
The detectives traced the pillow to  
its manufacturer; the manufacturer  
traced it to the dealer; the dealer  
traced it to Schmidt.The police, tracing Schmidt and the  
girl, knew all about both of them  
hours before they arrested him.Schmidt was arrested by Inspector  
Faurot, in charge of the detective bu-  
reau. The priest was dressed in full  
clerical garb when the detective en-  
tered his rooms in the parish house of  
his church in West One Hundred and  
Twenty-fifth street.The inspector had produced a photo-  
graph of Miss Aumuller and asked  
Schmidt if he knew the girl.The priest after a moment of hesita-  
tion inquired whether his visitors were  
police officers.He then asked permission to change  
his clothes and it was when he left  
the room that Inspector Faurot de-  
clared he attempted to cut his throat.

## BUSCH BLAMES SOCIALISTS

Bishop of Lead Says They Caused  
Controversy.Deadwood, S. D., Sept. 15.—In a  
signed statement Bishop Joseph F.  
Busch of the Roman Catholic diocese  
of Lead, whose controversy with the  
Homestead Mining company and the  
citizens of Lead aroused such feel-  
ing, declares that he was misquoted  
and that Socialists in Milwaukee, and  
particularly Representative Victor  
Berger, were responsible for wrong  
utterances attributed to him.He says he will later give a cor-  
rect statement of the address he made  
before the convention of Federated  
Catholic Societies of America at Mil-  
waukee last month.CURRENCY BILL  
IS UNDER WAYTariff Measure Nearing Perfec-  
tion in Conference.

EVENTS MOVING VERY FAST

Present Week Promises Marked Pro-  
gress Toward Inscriving on the Statute  
Books Important Legislation  
Which President Wilson Has Been  
Pressing.Washington, Sept. 15.—With the  
tariff bill being completed and the  
administration currency bill under  
way in the house, the present week  
in congress promises marked progress  
toward the inscribing on the statute  
books the legislation pressed by  
President Wilson.The senate and house conferees set-  
tling points in the tariff bill in dis-  
agreement between the two houses  
have made much progress.Senator Simmons and Representa-  
tive Underwood are confident that  
the present week will see all differ-  
ences settled and little difficulty is  
expected in procuring the adoption of  
the conference report.The house this week will take up  
the currency bill in detail. Republi-  
cans and Progressives set forth at  
great length their objections last  
week to the measure and the Demo-  
crats entered their answers.With the grist of argument out of  
the way the measure will be taken up  
for amendment and, although the ap-  
proval of the Democratic caucus is  
expected to prevent any changes, at-  
tempts will be made to alter the pro-  
visions most bitterly attacked.The section providing that national  
banks shall subscribe 20 per cent of  
their capital and 5 per cent of their  
deposits to the proposed federal re-  
serve banks, and the provision mak-  
ing reserve banks' notes government  
obligations, will be the principal  
points of attack.Attempts will be made to limit the  
broad powers now conferred by the  
bill on the federal reserve board.Majority Leader Underwood hopes  
to get to a final vote on the bill this  
week, however, and send it to the  
senate.

## BUSINESS MEN WANT PEACE

Labor War in Copper Country Threat-  
ening Trade.Calumet, Mich., Sept. 15.—The Cop-  
per Country Commercial club, with a  
membership of 500 business men of  
the copper miners' strike district, de-  
cided at a meeting to offer mediation  
to the strikers and operators in an  
effort to settle the strike, which is  
threatening business interests.The club's proposition, which is  
understood to have the backing of  
Governor Ferris, was referred to by  
both President Moyer of the Western  
Federation and Treasurer Lennon of  
the American Federation of Labor in  
their addresses to 3,000 strikers. Both  
declared that any plan which was as  
fair to the men as it was to the op-  
erators would be considered.

## NEW RULES FOR ENGINEERS

Hartford Road Makes Plans in the  
Interest of Safety.New Haven, Conn., Sept. 15.—In  
what is claimed "the interest of  
safety," new rules governing the  
promotion of firemen and engineers and  
for "the discipline of both," were  
promulgated by the New York, New  
Haven and Hartford railroad, "effec-  
tive at once." A committee of the  
Brotherhood of Locomotive Engineers  
has had five conferences with General  
Manager Bardo, during which opposi-  
tion was expressed to the changes.In future engineers will have to  
have at least one year's experience  
before being placed on passenger lo-  
comotives and two years' experience  
before being allowed on fast trains.

## INVENTORY OF POSTOFFICES

Uncle Sam to Find Out Just What  
Property He Owns.Washington, Sept. 15.—An inven-  
tory of all postoffice property of the  
United States is to be undertaken by  
the postoffice department.It will mark the first attempt of  
that department of the federal govern-  
ment to obtain an accurate census of  
its immensely valuable property.  
The idea originated with Post-  
master General Burleson.

## THAW IN CUSTODY.

Sheriff Drew of Coos County  
Taking the Prisoner to Court.Harry Thaw has been in custody of so  
many sheriffs and other officers recently  
that he does not mind. In this picture the  
fugitive is shown walking down the street  
of Coos County, N. H., with Sheriff Drew of  
Coos county. He was going to court to  
make application for a writ of habeas  
corpus.

## FEDERAL JUDGE ISSUES WRIT

Thaw to Appear in Court at Littleton  
Tuesday.Colebrook, N. H., Sept. 15.—Thaw,  
perpetually recurring writ of habeas  
corpus which has so often dotted the  
career of Harry K. Thaw since his  
incarceration in Matteawan as the in-  
sane slayer of Stanford White, was  
granted again in his fight to resist  
extradition from New Hampshire  
after his unexpected deportation from  
Canada. This time, the first time in  
the history of Thaw's efforts to re-  
gain his liberty, the writ was issued  
by a federal court.United States Judge Aldrich, in the  
district of New Hampshire, granted  
the application of three of the Thaw  
lawyers, Martin, Shurtleff and Olm-  
stead, and made it returnable at Lit-  
tleton on Tuesday.Mrs. Mary Copley Thaw, the aged  
mother of Harry K. Thaw, appeared  
by telegram to Governor Felker for a  
fair hearing for her son.AMERICANS FALL  
INTO REBEL HANDSHundred Refugees Reported Cap-  
tured in Mexico.Mexico City, Sept. 15.—One hundred  
Americans, including a number of  
women and children refugees from  
Torreón, are reported to have fallen  
into the hands of rebels while pro-  
ceeding overland to Saltillo.Authorities at Saltillo decline to  
take the responsibility of sending a  
force to their rescue, fearing, they say,  
that the rebels might commit atroci-  
ties upon the refugees which would  
possibly otherwise be avoided.The report comes from an official  
source at Saltillo, but has not been  
confirmed. The American embassy  
has called upon Mexican forces to in-  
vestigate.Senator Gamba, the foreign minister,  
expressed regret, but added that it  
was no more than might be expected  
as the result of the "neutrality pol-  
icy" of the United States.The Americans are headed by Deputy  
Consul General J. C. Allen of  
Monterrey, who went to Torreón to no-  
tify American residents there of Presi-  
dent Wilson's exit warning.  
They left Torreón Sept. 1.

OF ALL UTILITIESDistrict a Good Place to Try  
Out Government Ownership.

AGITATION AFTER WRECK.

Expect Much Litigation Following  
Passage of Tariff Bill—Many of the  
Cases Will Be Heard in Commerce  
Court—Lobby Investigation Commit-  
teemen Are Weary.

By ARTHUR W. DUNN.

Washington, Sept. 15.—[Special.]—  
Everything that happens seems to give  
an impetus to government regulation  
—if not control—of public utilities.  
This does not mean government own-  
ership, but government supervision.  
Railroad wrecks stir up congressmen,  
so that they appropriate money for  
investigations and to strengthen the  
interstate commerce commission; dis-  
asters at sea give congressmen an op-  
portunity to extend control over ocean  
transportation, and the constant com-  
plaint against domination of corpora-  
tions is building up a demand for gov-  
ernment regulation of big business.Here in the District of Columbia,  
where the people have long suffered  
under exactions and poor service of  
public service concerns, the demands  
have taken shape in a proposal for the  
acquisition of such concerns by the  
District government and their opera-  
tion under a municipal ownership plan.  
Good Trying Out Place.What is left of the "ten miles  
square," which once was dedicated to  
absolute government control, is consid-  
ered a fine place to try out the gov-  
ernment ownership idea in this coun-  
try. If it does not work it can be  
abandoned, and other municipalities,  
now looking toward ownership of pub-  
lic utilities, will be warned in time  
and escape the disasters which might  
follow—if they should follow. Con-  
gressman Crosser, a disciple of Tom  
Johnson of Cleveland, has introduced  
a plain, simple bill for the acquisition  
of public utilities in the District, and  
many people think it may pass the  
house and possibly the senate.

Murray and Bryan Part Company.

For the first time since Bryan's flag  
was raised in 1896 "Alfalfa Bill" Mur-  
ray of Oklahoma fails to follow him.  
Much to the surprise of everybody,  
Murray turned loose with a speech in  
the house in which he severely criti-  
cized the administration policy in Mex-  
ico, going so far as to call it "coward-  
ly." Incidentally he threw quite a  
number of rocks at the "peace" policy  
upon which the secretary of state has  
laid great stress during the brief time  
he has conducted foreign affairs."Intervention and the protection of  
American citizens do not mean war,"  
declared Murray. "They do not mean  
the acquisition of territory. A sound,  
just and comprehensive American pol-  
icy consists of this: A well equipped  
and thoroughly trained but relatively  
small, army and navy; the extension  
of American commerce with all na-  
tions; commerce with all nations, but  
entangling alliances with none; adhe-  
rence to the Monroe doctrine as the  
sheet anchor of protection to Ameri-  
can institutions on the western hemi-  
sphere; the protection of American citi-  
zens wherever they may be; the pres-  
ervation of liberty, the integrity of the  
nation—all this by peaceful diplomacy  
if possible; by force, if necessary.""That Tired Feeling."  
As an example of that "tired feel-  
ing" the senators who have been con-  
ducting the lobby investigation are  
fair examples. When they will get  
through and when they will make  
their report are questions to be an-  
swered in the distant future.Look For Litigation.  
"There will be rich pickings for the  
lawyers as a result of the new tariff,"  
was an opinion expressed by a man  
not in a partisan sense, but as a mat-  
ter of opinion. "The new law makes  
so many changes that it is bound to  
lead to many cases in court. Fortu-  
nately they will come in the customs  
court and be disposed of without much  
delay."Can't Be Smothered.  
The time has gone by when any man  
can be smothered in the house if he  
has ability and voice enough to make  
himself heard. "Alfalfa Bill" Mur-  
ray of Oklahoma is an example. He has  
arrived, although he is still in his first  
session in the house. He just declared  
himself in the same rights as any  
man who had been there for a decade.  
Having the ability and voice he stay-  
ed in.It is Alive to Life.  
Although reports are circulated from  
time to time indicating that the Pro-  
gressive party is retrograding, it is  
safe to say that the party is alive to  
Vie Murdock, the leader in the house.  
No day passes that he does not show  
that there is a second minority party  
and that he is the leader. He takes  
just as prominent a part in everything  
as Jim Mann and sometimes is ahead  
of Mann in getting recognition and  
speaking his piece. Perhaps it is true  
that the coming absence of Colonel  
Roosevelt in South America has damp-  
ened the spirits of the Progressives a  
bit, for many of them feel the need of  
his strong arm in their political work.In Real Life.

High Sea.Liverpool, Sept. 15.—The body of  
the late mayor of New York, William  
J. Gaynor, is now aboard the steamer

England's most illustrious dead.The Lusitania sailed for New York  
and is due there Friday.  
Acting under the instructions of the  
lord mayor the port authorities ex-  
tended every possible courtesy. The  
body was removed without the usual  
examination and was placed in a mor-  
tuary chapel aboard ship.Rufus Gaynor, the mayor's son, ac-  
companied by the American consul,  
Hon. Lee Washington, boarded the  
Lusitania and was received by Cap-

deep gratitude for the high honors  
which Liverpool had paid to his father.GRAND ARMY MEN  
INVADE THE SOUTHNational Encampment in Full  
Sway at Chattanooga.Chattanooga, Tenn., Sept. 15.—In  
their first peaceful invasion of the  
South thousands of American veterans  
arrived to attend the forty-seventh an-  
nual encampment of the Grand Army  
of the Republic.The encampment will continue  
through Saturday.  
Chattanooga is in gala attire for  
the encampment. Survivors of the  
army which caused the Confederacy  
to totter in the bloody battle of Chick-  
amauga, fought here fifty years ago,  
were greeted with the same cordiality  
shown the United Confederate vet-  
erans.Committee meetings and receptions  
occupied the first day of the session.  
Impressive military demonstrations  
are scheduled for Tuesday. In the  
evening the welcoming address will  
be delivered by the national, state  
and city officials at a campfire meet-  
ing.The impressive parade of the Grand  
Army of the Republic will take place  
Wednesday morning.Thursday and Friday will be de-  
voted to business sessions, while  
sightseeing tours will conclude the  
encampment Saturday.

## WOULDN'T PAY DUTY SUNDAY

Prefers to Lose Cloth Than Enter Into  
Business Transaction.New York, Sept. 15.—The first man  
on record at this port who refused to  
pay duty on an imported article be-  
cause the tax had been imposed on  
the Sabbath was Angus MacPherson,  
a steamer passenger, who arrived  
here by the Anchor liner Cameronia.  
MacPherson had brought in a bolt  
of cloth, the value of which exceeded  
his \$100 allowance, and a duty of  
\$4.85 was put upon the importation.  
The pious traveler informed the in-  
spectors that he would enter into no  
bargains with the United States gov-  
ernment on a Sunday, as it was  
against the teachings of his faith.When told that the duty would have  
to be paid or the cloth detained the  
Scotchman said he was willing to let  
the cloth go if he had to break the  
Sabbath by a business transaction.

HULL'S HAT IN THE RING

Speaker of Wisconsin Assembly to  
Try for Governorship.Milwaukee, Sept. 15.—Speaker  
Merlin Hull will have to be re-  
ckoned with as a gubernatorial  
candidate. This was the last bit of  
news to come out before the poli-  
ticians, who gathered in the city dur-  
ing the week, left for home.Mr. Hull has told his friends that  
he has decided to enter the race.  
There is a bare possibility that, in  
case the La Follette leaders cannot  
get C. H. Crownhart to run, that  
they will lean towards Mr. Hull. He  
always has been a strong La Fol-  
lette man, but is inclined to inde-  
pendency.

Grand Forks, N. D., Sept. 15.—  
Five dead and three seriously  
injured is the record of  
hunting accidents during the  
first week of the open season

the history of the state for  
such a short period. Of the  
dead two were killed by the  
accidental discharge of shot  
guns in which runaways figure;  
one drowned in attempting to  
recover ducks; one was killed  
by his companion, and the  
other was killed by the dis-  
charge of his gun while driv-  
ing, the jolt of his carriage  
discharging it.

## NEW COURT HOUSE

The following editorial from the virile pen of the editor of the Crosby Crucible is timely and to the point and should be read and considered by residents of Crow Wing county:

After a visit to the Crow Wing county court house at Brainerd, we are satisfied that the complaints made by the lawyers, real estate men and others who have occasion to transact business in that structure are put mildly.

The court house is altogether too small, and the Crucible cannot see how the county commissioners are going to evade the issue of providing additional room, even if they can show cause why a new building should not take the place of the present structure. We are not, mind you, saying that they will, nor that they have any such intentions, but even if they are planning on opposing the step, we can't see how they could logically make any argument.

While Crow Wing county's chief interests were farming and lumbering, the present court house was more than adequate to take care of the various departments. In fact, had but the steady growth that comes to counties where those are the main activities continued, it would have been ample for many years to come, but the discovery of vast deposits of iron ore and the accompanying growth that follows such discoveries changed the entire situation.

The work in every county department has practically doubled, with the result that each is crowded to the limit, and some are beyond the limit, at least as far as taking care of the work in the most expeditious and comfortable manner is concerned.

The register of deeds' office is probably the most congested of the

county departments, for the tremendous increase in land transactions of all descriptions that have followed the discovery of iron ore in the county has made it necessary to greatly enlarge the working force. When it is considered that the office was none too large for the limited number employed before this increase, it is almost impossible to conceive how the work can be taken care of at all. Add to these conditions the facts that the torrens work was transferred to the register of deeds' department and the township, city and village records were ordered filed here and you have a problem that would "stump" almost any mortal. In fact, it is remarkable that the work has been as well done and that no mistakes have yet been made in this department of the county.

The increased court work has created a demand for more and larger court rooms, with more accommodations for the judges and court attaches. The present quarters, so we are told, are unfit for any self-respecting court to attempt to dispense justice in, and that justice has been rendered to all so far is due only to the fact that the men on the bench are of such sterling quality.

The same conditions as are enumerated above are said to be true of nearly all the county departments, and The Crucible wonders that they have been allowed to reach the proportions to which they now extend.

It is unfair to the men at the heads of these departments, because, to those who do not, or will not, understand conditions, it appears that the department heads are not making good in the positions to which they were elected. It is unfair to the clerks employed, because they cannot do their best work where they must be figuring one-half of the time how to keep out of each other's way during the other half. Last, and most important, it is not fair to the citizens of the county who have occasion to transact business at the court house. They are willing to pay the bill for the work to be done, but they want it done properly and quickly, and they are entitled to it.

When it cannot be done in the same length of time as would take in a county structure where there was sufficient room, they are not getting a square deal.

Crow Wing county's increased wealth is ample to provide for a new court house such as will meet the present needs and take care of those of the future for some time to come. Additions to the present county building might be enough for the time being, but why be penny wise and dollar foolish?

Of course, if it is absolutely impossible for the commissioners to see their way clear to build a new court house, give us the additions, but whatever it is to be, it is high time that work be started at once and during the progress of the same some provision be made to relieve the present congested conditions.

## A Word as to the New Fall and Winter Stylecraft Coats and Suits

The Clothes Luxurious—The Modes Fastidious—The Garments Par Excellence—The Ready-to-wear Apparel that Stands Pre-eminent in the Art of Highest-Class Tailoring in America

THE CLOTHES LUXURIOUS

**Murphy's**  
THE STORE OF QUALITY

THE MODES FASTIDIOUS

PILE FABRICS, meaning "Fur Clothes," will carry everything before them the coming autumn and winter as the most favored of fashion for women's coats. Not in years had a fad ingratiated itself so pronouncedly into public favor in so short a time. "Pile Fabrics," in a word, will simply reign supreme—irresistible, undisputed! Most of these Stylecraft "fur cloth" coats come with muffs to match.

Having anticipated this unique situation many months ago, the Stylecraft designers, with their characteristic forethought and adaptability, laid themselves out to interpret the coming vogue in a manner that has already shown the wisdom of their consummate planning. The line of pile fabric coats bearing the celebrated Stylecraft label does honor not only to the house that has produced them but it also reflects the greatest credit on the craftsmen who created them! These beautiful pile fabric garments from the famous Stylecraft shops are so soft and silky to the touch, so rich in curl and luster, so cleverly worked up with contrasting furs, etc., that you can scarcely tell them from the genuine Persian Lamb, Seal-skin or Mole that they are made to represent.

While there can be no question as to the enormous popularity of these knit astrakhan, plain and broadcloth plush, Ural, Arabian and Caucasian lamb, Persian and matelasse coats, it can be taken for granted that there will also be an increase in the demand for shetlands, plain, striped and fancy boucles, plain and fancy zibelines, plain, cut and plaid-back chin-chillas, velour de laines, medium-weight kerseys, two-tone diagonal velours, fancy jacquards and sturdy mixtures in Scotch and other effects, all of which will be found amply represented in the great Stylecraft coat line for Fall and Winter.

The new Fall suits come with the coats decidedly longer than last season, and more fancifully gotten up in every way, as a rule. In many models the fronts round off sharply from the waistline and taper down towards the back, very much on the lines of a gentleman's English walking coat. The effect is most delightfully dressy and debonaire. Among the more fashionable suit fabrics for autumn may be mentioned fancy bed-fords, bengalines, two-tonelines, two-tone jacquards, eponges, poplins, broadclothes, plain and fancy chevots, velour de laines and the ever-popular serges. Not in many seasons has the Stylecraft suit line shown such a lavish variety of fabrics or such exquisite taste in tailoring. Yet popular prices prevail.

Every man in Brainerd whether young or old, is urged to keep in mind the big mass meeting to be held in the Y. M. C. A. auditorium Wednesday night at 7:30. This is irrespective of whether you are a member of the association or not. The meeting will be to take up and discuss both outdoor and indoor games and sports of all kinds, such as volley ball, indoor baseball, hand ball, basketball, checkers and chess, foot ball, skating, coasting, sleigh riding, etc. Be sure and plan to attend this meeting, because you will get a lot of important and interesting information on dozens of topics of especial interest by so doing. **NEW COURT HOUSE**

The following editorial from the

After a visit to the Crow Wing

county departments, for the tremen-  
dous increase in land transactions  
of all descriptions that have fol-  
lowed the discovery of iron ore in the  
county has made it necessary to great-  
ly enlarge the working force. When  
it is considered that the office was  
none too large for the limited num-  
ber employed before this increase, it  
is almost impossible to conceive how  
the work can be taken care of at  
all. Add to these conditions the  
facts that the torrens work was trans-  
ferred to the register of deeds' de-

The increased court work has cre-

merated above are said to be true of  
nearly all the county departments,  
and The Crucible wonders that they  
have been allowed to reach the pro-  
portions to which they now extend.

It is unfair to the men at the heads  
of these departments, because, to  
those who do not, or will not, under-  
stand conditions, it appears that the  
department heads are not making  
good in the positions to which they  
were elected. It is unfair to the  
clerks employed, because they can-  
not do their best work where they  
must be figuring one-half of the time  
how to keep out of each other's way  
during the other half. Last, and  
most important, it is not fair to the  
citizens of the county who have oc-  
casion to transact business at the

the bill for the work to be done, but  
they want it done properly and

When it cannot be done in the same  
length of time as would take in a

Of course, if it is absolutely im-

**Murphy's**  
THE STORY OF QUALITY

THE  
MODES  
FASTIDIOUS

PILE FABRICS, meaning "Fur Clothes," will carry everything before  
them the coming autumn and winter as the most favored of fashion for  
women's coats. Not in years had a fad ingratiated itself so pronouncedly  
into public favor in so short a time. "Pile Fabrics," in a word, will  
simply reign supreme—irresistible, undisputed! Most of these Stylecraft  
"fur cloth" coats come with muffs to match.

Having anticipated this unique situation many months ago, the Style-  
craft designers, with their characteristic forethought and adaptability,  
laid themselves out to interpret the coming vogue in a manner that has  
already shown the wisdom of their consummate planning. The line of pile  
fabric coats bearing the celebrated Stylecraft label does honor not only to  
the house that has produced them but it also reflects the greatest credit  
on the draftsman who created them! These beautiful pile fabric garments  
from the famous Stylecraft shops are so soft and silky to the touch, so  
rich in curl and luster, so cleverly worked up with contrasting furs, etc.,  
that you can scarcely tell them from the genuine Persian Lamb, Seal-  
skin or Mole that they are made to represent.

While there can be no question as to the enormous popularity of these  
knit astrakhan, plain and broadcloth plush, Ural, Arabian and Caucasian  
lamb, Persian and mottelasse coats, it can be taken for granted that there  
will also be an increase in the demand for shetlands, plain, striped and  
fancy boucles, plain and fancy zibelines, plain, cut and plaid-back chin-  
chillas, velour de laines, medium-weight kerseys, two-tone diagonal ve-  
lours, fancy jacquards and sturdy mixtures in Scotch and other effects, all  
of which will be found amply represented in the great Stylecraft coat  
line for Fall and Winter.

The new Fall suits come with the coats decidedly longer than last sea-  
son, and more fancifully gotten up in every way, as a rule. In many  
models the fronts round off sharply from the waistline and taper down  
towards the back, very much on the lines of a gentleman's English walking  
coat. The effect is most delightfully dressy and debonaire. Among the  
more fashionable suit fabrics for autumn may be mentioned fancy ped-  
ford cords, bengalines, two-tonelines, two-tone jacquards, eponges, pop-  
lins, broadclothes, plain and fancy chevrons, velour de laines and the ever-  
popular serges. Not in many seasons has the Stylecraft suit line shown  
such a lavish variety of fabrics or such exquisite taste in tailoring. Yet  
popular prices prevail.

## U. C. T. COUNCIL IS ORGANIZED

Brainerd Council, No. 545, Instituted by Deputy Grand Counselor Sherrod and Others

### ELECT OFFICERS SAT. EVENING

J. W. Schlenker, Senior Counselor—Edward Anderson Secretary—Treasurer

Brainerd Council, No. 545, of the United Commercial Travelers of America, has been duly organized and instituted in Brainerd, the ceremonies taking place Saturday evening at the Odd Fellow hall.

Prominent members of the order were present and assisted in the ceremonies of institution. Among those assisting were Deputy Grand Counselor M. H. Sherrod, of St. Paul council No. 50, who acted as conductor; A. E. Fritz, state public examiner of Minnesota, a member of St. Cloud council who officiated as senior counselor; Henry G. Blake, of Minneapolis, a member of Minneapolis council No. 141, who officiated as junior counselor; E. C. Mahle, city assemblyman of St. Paul and a member of St. Paul council, No. 50, who officiated as past counselor; Grand Secretary J. M. Dresser, of St. Paul council No. 50, who officiated as secretary-treasurer; William L. Grasse, a member of Fargo council No. 65, who acted as page; Paul G. Clarkson, of Brainerd, who transferred his membership to Brainerd council, who acted as sentinel.

A large number of candidates were made members of the council and in addition many who make their home in Brainerd or maintain their headquarters here transferred to the Brainerd council.

The officers instituting the order gave the ritual in an impressive manner. Each was well versed in his part and not a book was used if the whole ceremony.

The election of officers of Brainerd council resulted as follows:

Senior Counselor—J. W. Schlenker.

Past Counselor—H. A. Knapp.

Junior Counselor—Paul G. Clarkson.

Secretary Treasurer—Edw. Anderson.

Chaplain—J. C. Higbe.

Page—John A. Hoffbauer.

Sentinel—B. S. Armstrong.

Executive Committee for Two years—Mons Mahlum and James Cullen.

Executive Council for one year—John T. Imgrund and George Weaver.

Examining Physician—Dr. F. J. Sykora.

Senior Counselor Schlenker appointed J. C. Higbe, H. A. Knapp and Paul G. Clarkson a visiting sick committee.

The committee on hall included Edw. Anderson, J. C. Higbe and Mons Mahlum.

Under "Good of the Order" addresses were made by various members called on by the chair. John A. Hoffbauer, who had received the full initiatory ceremonies, spoke of lasting impressions he had received.

A. E. Fritz spoke of the pleasure it gave him to come to Brainerd and assist in the installation of the council. He was no stranger in Brainerd. About 17 or 18 years ago he had taught school on the north side in this city. He praised the ritualistic ceremonies of the order.

M. H. Sherrod said the business interests of Brainerd should be proud of the fact that a council had been started in Brainerd.

J. M. Dresser said the order was 26

years old. He explained its purposes and also the steps taken to protect its members by securing beneficial legislation. The matter of an equitable charge for excess baggage was now being taken up with the proper authorities.

E. C. Mahle spoke of the beauty of the ritual and urged the local council to memorize the various parts. Henry G. Blake urged that unity should be the keynote of the lodge.

Unity of action and cooperation of its members would make the Brainerd council one of the bright stars in the constellation of U. C. T. councils.

William L. Grasse spoke of U. C. T. affairs and extended an invitation to all to visit Fargo in their travels. Fargo had the liveliest, little council in the biggest, little town in the country.

Mons Mahlum expressed his pleasure at the institution of a council in Brainerd. If it attained a membership of 100 it meant a corresponding large increase in the commercial life of the city.

The Minneapolis men distributed a memorandum booklet printed by Minneapolis council No. 141, which gave many statistics of the order, a list of the subordinate councils of this jurisdiction, roster of officers, and much other valuable information.

After the ceremonies a luncheon was served and this closed the ceremonies of the evening.

## DUBUQUE, IOWA, A GARDEN SPOT

Brainerd Man Describes His Impressions of City He Visited

### ALSO BOOSTS FOR BRAINERD

"Times-Journal" of Dubuque Prints Interview With John A. Hoffbauer

The Dubuque, Iowa, Times-Journal prints the following interview with a Brainerd man who visited that city:

Mr. and Mrs. John A. Hoffbauer and baby daughter, of Brainerd, Minn., are the guests of his grandmother, Mrs. Sophie Koch, at the Morgan, 905 Bluff street. Mr. Hoffbauer is the city editor of the Brainerd Daily Dispatch and correspondent for many papers of the north-east, covering especially the iron and other development work on the Cuyuna iron range, situated in Crow Wing county, of which Brainerd is the county seat. So many Iowa people are in business in the various towns on the range and have bought farming and other lands, that the idea of having an Iowa society has been broached. Among the best farmers of Minnesota are those who have gained their experience in Iowa. These Iowa men have given an impetus to the raising of corn and hogs and have in general introduced better farming methods. At Brainerd sentiment has been crystallized to establish a "Market Day" on lines similar to the Dubuque market. The fame of Dubuque's great market has been spread through all Minnesota by every Dubuque resident, he states.

In speaking of Dubuque, Mr. Hoffbauer referred to the electric sign "Dubuque, This is the Place," a most welcome advertisement of the city and one which is a pleasant surprise and a greeting to the traveler who crosses the bridge and enters the city on a dark night and wonders where he is. The city of Brainerd, through its booster club, is about to erect a similar sign with this slogan, "Brainerd, the City of Mines." Within the city limits of Brainerd are proven bodies of iron ore and a large mining company has started work on a shaft a mile from the postoffice.

Mr. Hoffbauer says that another thing making Brainerd one of the most remarkable cities of the United States is the fact that it owns valuable mining lands bequeathed to it by the late Judge G. W. Holland, a pioneer of the district and a prominent Mason. Through the beneficence of Judge Holland Brainerd has gained wealth enough to pay all city debts and eventually, when the mines are developed, to reduce taxes to a nominal figure.

Dubuque's clean streets, he said, its beautiful parks, its activity and continued growth, its many natural advantages and its striking environment impress every one, and especially one who has not seen the city for years and can note the progress attained in the last five years.

Turning to baseball, he said: "Fans of the country will soon be engrossed in following the phases of the world's championship series of the Philadelphia Athletics and the New York Giants. One of Connie Mack's star pitchers will be Leslie Bush, of Brainerd, who in a year rose from the Brainerd sand lots to the Missoula, Mont., team, where he gained the pennant and then was picked up by Mack, the greatest judge of baseball talent the game has ever seen. Bush is 19 years old and made good from the first jump."

### TWO TELEPHONE SERVICES CAUSE CONFUSION

On general principles we are opposed to exclusive, long-term franchises. But in the case of the telephone, we can readily see what a great deal of annoyance and confusion would ensue if there were two or more competing companies in the community. We are of the opinion that the city fathers should make the best terms possible with the present company, and in return demand efficient service.—The Gazette, Pawtucket, R. I.—Adv.

### MONSTER TOMATOES

Displayed by C. Bruhn—18 of Them Weigh 18 1/4 Pounds—Raised in Brainerd

C. Bruhn showed the Dispatch some tomatoes raised in his garden at 704 North Fourth street. The big, luscious fellows, 18 of them, filled the big basket and weighed 18 1/4 pounds. Any time you can show a tomato as large as a cantaloupe it is a sure indication that a good gardener like Mr. Bruhn is cooperating with Minnesota sunshine and Crow Wing county soil. Last year Mr. Bruhn exhibited his tomatoes at the Crow Wing county fair and they received much mention and praise.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Catarrh Pills for constipation.

A pleasant senior reunion was held at the home of Miss Reta Jones on Oak street. The crowd met with Miss Grace Laurie and were then conveyed to the Jones home on a hayrack. The time was spent in playing games, in a short musical program and in discussing future plans.

The class meeting was called to order by the president, George Berggreen, and a senior sleigh ride party was planned for December 31, 1913. A committee composed of Frank Johnson, Miss Jennie Beck and Miss Irene Flanagan was appointed to have charge of the affair.

## U. C. T. COUNCIL IS ORGANIZED

Brainerd Council, No. 545, Instituted by Deputy Grand Counselor Sherrod and Others

### ELECT OFFICERS SAT. EVENING

J. W. Schlenker, Senior Counselor—Edward Anderson Secretary—Treasurer

Brainerd Council, No. 545, of the United Commercial Travelers of America, has been duly organized and instituted in Brainerd, the ceremonies taking place Saturday evening at the Odd Fellow hall.

Fifty members of the order were present and assisted in the ceremonies of institution. Among those assisting were Deputy Grand Counselor M. H. Sherrod, of St. Paul council No. 50, who acted as conductor; A. E. Fritz, state public examiner of Minnesota, a member of St. Cloud council who officiated as senior counselor; Henry G. Blake, of Minneapolis, a member of Minneapolis council No. 141, who officiated as junior counselor; E. C. Mahle, city assemblyman of St. Paul and a member of St. Paul council, No. 50, who officiated as past counselor; Grand Secretary J. M. Dresser, of St. Paul council No. 50, who officiated as secretary-treasurer; William L. Grasse, a member of Fargo council No. 65, who acted as page; Paul G. Clarkson, of Brainerd, who transferred his membership to Brainerd council, who acted as sentinel.

A large number of candidates were made members of the council and in addition many who make their home in Brainerd or maintain their headquarters here transferred to the Brainerd council.

The officers instituting the order gave the ritual in an impressive manner. Each was well versed in his part and not a book was used in the whole ceremony.

The election of officers of Brainerd council resulted as follows:

Senior Counselor—J. W. Schlenker.  
Past Counselor—H. A. Knapp.  
Junior Counselor—Paul G. Clarkson.

Secretary—Edw. Anderson.

Chaplain—J. C. Higbe.

Page—John A. Hoffbauer.

Sentinel—B. S. Armstrong.

Executive Committee for Two Years—Mons Mahlum and James Cullen.

Executive Council for one year—John T. Imgrund and George Weaver.

Examining Physician—Dr. F. J. Sykora.

Senior Counselor Schlenker appointed J. C. Higbe, H. A. Knapp and Paul G. Clarkson a visiting sick committee.

The committee on hall included Edw. Anderson, J. C. Higbe and Mons Mahlum.

Under "Good of the Order" addresses were made by various members called on by the chair. John A. Hoffbauer, who had received the full initiatory ceremonies, spoke of lasting impressions he had received.

A. E. Fritz spoke of the pleasure it gave him to come to Brainerd and assist in the installation of the council. He was no stranger in Brainerd. About 17 or 18 years ago he had taught school on the north side in this city. He praised the ritualistic ceremonies of the order.

M. H. Sherrod said the business interests of Brainerd should be proud of the fact that a council had been started in Brainerd.

J. M. Dresser said the order was 26

years old. He explained its purposes and also the steps taken to protect its members by securing beneficial legislation. The matter of an equitable charge for excess baggage was now being taken up with the proper authorities.

E. C. Mahle spoke of the beauty of the ritual and urged the local council to memorize the various parts. Henry G. Blake urged that unity should be the keynote of the lodge. Unity of action and cooperation of its members would make the Brainerd council one of the bright stars in the constellation of U. C. T. councils.

William L. Grasse spoke of U. C. T. affairs and extended an invitation to all to visit Fargo in their travels. Fargo had the liveliest, little council in the biggest, little town in the country.

Mons Mahlum expressed his pleasure at the institution of a council in Brainerd. If it attained a membership of 100 it meant a corresponding large increase in the commercial life of the city.

The Minneapolis men distributed a memorandum booklet printed by Minneapolis council No. 141, which gave many statistics of the order, a list of the subordinate councils of this jurisdiction, roster of officers, and much other valuable information.

After the ceremonies a luncheon was served and this closed the ceremonies of the evening.

## DUBUQUE, IOWA, A GARDEN SPOT

Brainerd Man Describes His Impressions of City He Visited

### ALSO BOOSTS FOR BRAINERD

"Times-Journal" of Dubuque Prints Interview With John A. Hoffbauer

The Dubuque, Iowa, Times-Journal prints the following interview with a Brainerd man who visited that city:

Mr. and Mrs. John A. Hoffbauer and baby daughter, of Brainerd, Minn., are the guests of his grandmother, Mrs. Gustie Koch, at the Morgan, 905 Bluff street. Mr. Hoffbauer is the city editor of the Brainerd Daily Dispatch and correspondent for many papers of the north-east, covering especially the iron and other development work on the Cuyuna iron range, situated in Crow Wing county, of which Brainerd is the county seat. So many Iowa people are in business in the various towns on the range and have bought farming and other lands, that the idea of having an Iowa society has been broached. Among the best farmers of Minnesota are those who have gained their experience in Iowa. These Iowa men have given an impetus to the raising of corn and hogs and have in general introduced better farming methods. At Brainerd sentiment has been crystallized to establish a "Market Day" on lines similar to the Dubuque market. The fame of Dubuque's great market has been spread through all Minnesota by every Dubuque resident, he states.

In speaking of Dubuque, Mr. Hoffbauer referred to the electric sign "Dubuque, This is the Place," a most welcome advertisement of the city and one which is a pleasant surprise and a greeting to the traveler who crosses the bridge and enters the city on a dark night and wonders where he is. The city of Brainerd, through its Booster club, is about to erect a similar sign with this slogan, "Brainerd, the City of Mines." Within the city limits of Brainerd are proven bodies of iron ore and a large mining company has started work on a shaft a mile from the postoffice.

Mr. Hoffbauer says that another thing making Brainerd one of the most remarkable cities of the United States is the fact that it owns valuable mining lands bequeathed to it by the late Judge G. W. Holland, a pioneer of the district and a prominent Mason. Through the beneficence of Judge Holland Brainerd has gained wealth enough to pay all city debts and eventually, when the mines are developed, to reduce taxes to a nominal figure.

Dubuque's clean streets, he said, its beautiful parks, its activity and continued growth, its many natural advantages and its striking environment impress every one, and especially one who has not seen the city for years and can note the progress attained in the last five years.

Turning to baseball, he said: "Fans of the country will soon be engrossed in following the phases of the world's championship series of the Philadelphia Athletics and the New York Giants. One of Connie Mack's star pitchers will be Leslie Bush, of Brainerd, who in a year rose from the Brainerd sand lots to the Missoula, Mont., team, where he gained the pennant and then was picked up by Mack, the greatest judge of baseball talent the game has ever seen. Bush is 19 years old and made good from the first jump."

### TWO TELEPHONE SERVICES CAUSE CONFUSION

On general principles we are opposed to exclusive, long-term franchises. But in the case of the telephone, we can readily see what a great deal of annoyance and confusion would ensue if there were two or more competing companies in the community. We are of the opinion that the city fathers should make the best terms possible with the present company, and in return demand efficient service.—The Gazette, Pawtucket, R. I.—Adv. mw

### MONSTER TOMATOES

Displayed by C. Bruhn—18 of Them Weigh 18¼ Pounds—Raised in Brainerd

C. Bruhn showed the Dispatch some tomatoes raised in his garden at 704 North Fourth street. The big, luscious fellows, 18 of them, filled the big basket and weighed 18¼ pounds.

Any time you can show a tomato as large as a cantaloupe it is a sure indication that a good gardener like Mr. Bruhn is cooperating with Minnesota sunshine and Crow Wing county soil. Last year Mr. Bruhn exhibited his tomatoes at the Crow Wing county fair and they received much mention and praise.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address, F. J. Cheney & Co., Toledo, O. Sold by Druggists, 75c. Take Hall's Catarrh Pills for constipation.

### EVENLY DIVIDED

Committee on Court House Confers on Saturday Afternoon at That Building

The court house committee recently appointed by Judge W. S. McClenahan, of the district court, met at the court house Saturday afternoon and took up two propositions, one to build a new court house and one to improve the present structure.

The committee of ten was evenly divided. They agreed to call in the services of a consulting architect and after several sessions with him will make their report.

The committee meeting with the county commissioners was composed of Edward Crust, George A. Keene, C. A. Erickson, F. H. Gruenhagen and R. R. Wiss of Brainerd; H. J. Hage, of Deerwood; H. J. Kruse, of Crosby; P. J. Myer, of Ft. Ripley; K. J. Nesheim of Long Lake and W. A. Curo of Jenkins.

### SENIOR REUNION

Meet at the Home of Miss Reta Jones—Social Affairs are Planned by Seniors

A pleasant senior reunion was held at the home of Miss Reta Jones on Oak street. The crowd met with Miss Grace Laurie and were then conveyed to the Jones home on a hayrack. The time was spent in playing games, in a short musical program and in discussing future plans.

The class meeting was called to order by the president, George Berggreen, and a senior sleigh ride party was planned for December 31, 1913. A committee composed of Frank Johnson, Miss Jennie Beck and Miss Irene Flanagan was appointed to have charge of the affair.

### WILL REPRESENT ART CLUB

Little Falls Musical Art Club Will Send Three Representatives to Federation Meeting

The Little Falls Transcript says: "The delegates who will represent the Musical Art club at the meeting of the State Federation of Women's clubs to be held in Brainerd on Sept. 23, 24 and 25 are Miss Maybelle Brannen, the president, and Miss Earl Metzger and Bernhard Orton. This meeting is open to all members of federated clubs and it is the wish of Brainerd club women that as many members of the Little Falls Musical Art club attend as possible. Several of the sessions are scheduled will be of special interest to all. The three special delegates named will be entitled to attend the business sessions and participate in the voting privilege, as representatives of the local club."

In another article the Transcript has the following to say regarding the election of a president of the Minnesota Federation of Women's clubs. Mrs. Edgar H. Loyhed, the incumbent, has declined re-election. Mrs. Atwood is considered an efficient clubwoman, well versed in the work, having long affiliated with women's clubs. She could represent the Sixth district, which has never had the honor of filling the office of president of the state organization. Other names have been mentioned as possible candidates for the place, but the name of Mrs. Atwood seems to meet with general approval throughout the state."

### COOPER GETS NEW TITLE

### MUSIC AND DRAMA

#### "The Country Boy"

No picture of the struggles of a boy from the country who invades the city in an endeavor to make his fortune has been more graphically drawn than that by Edgar Selwyn in his comedy "The Country Boy," which the Henry B. Harris estate will present at the Brainerd opera house, Monday, Sept. 22. This particular boy is discontented and dissatisfied. He longs for the lights and the crowds. He does not see that in his own little town there are opportunities for success and good living greater than those to be found in the big city. It takes bitter experience to teach him this but he does learn it. But the story of this boy's struggles is so liberally interspersed with laughter that it provides one of the most delightful entertainments of many seasons.

#### "Freckles"

D. L. Martin, the producer of "Freckles," which comes to the Brainerd opera house Sunday, Sept. 21, has spared neither pains nor expense in staging this play in the most elaborate manner possible. In the first place there is an environment in "Freckles" which very few plays possess; chances for scenic investigation amazingly natural and picturesque; and when it is understood that Mr. Martin has brought it up to the highest standard of stage production both from scenic point of view and by means of a thoroughly competent

and perfectly balanced cast, there is a double assurance of merit.

#### "The Girl From Mummies"

"The Girl From Mummies," the dainty Parisian musical concoction with Miss Olive Vail, will be the attraction at the Brainerd opera house on Tuesday, Sept. 23. The dialogue is clever and the music entrancing. From the scenic and electrical standpoint the production is inimitable.

#### Kidney Trouble Began With a Lame Back

J. L. Hackl, 915 Eighth St., Lincoln, Ill., was recently cured of a bad case of kidney trouble that started with a lame back, and says: "I am certainly thankful in getting a cure of my kidney trouble by using Foley Kidney Pills." Try them yourself. For sale by H. P. Dunn.—Adv. mwf

#### Complicated.

Bass—I suppose you think I'm a fool? Cass—That's what troubles me. If your supposition is correct, then you are a mind reader, and therefore you cannot be a fool, and yet—well, you understand.—Boston Transcript.

The daughter of A. Mitchell, Bagdad, Ky., had a bad case of kidney trouble and they feared her health was permanently impaired. Mr. Mitchell says: "She was in terrible shape but I got her to take Foley Kidney Pills and now she is completely cured." Women are more liable to have kidney trouble than men and will find Foley Kidney Pills a safe dependable and honest medicine. For sale by H. P. Dunn.—Adv. mwf

### THORP'S METHODS

Of Corn Raising Adopted by Agricultural Experts and Foreign Representatives

The Minneapolis Journal of a recent date gives publicity to the following interview with Col. Thorp, of this county:

"It is folly to say that Reed Yellow Dent corn cannot be grown in any part of Minnesota," said Freeman Thorp of Hubert, Minn., referring to the controversy started over this corn offered by the S. B. Wells of Pine county, disqualified by the first judges, but admitted later.

Mr. Thorp is known as an artist and a successful horticulturist, who has attained many startling results on his demonstration tract near Hubert by his own peculiar methods.

"People who say we have only 95 days for our corn season to Illinois' 120 forget that we have as many hours of sunlight as they, or nearly so, for we have in Northern Minnesota, 95 14-hour days, while they have 120 12-hour days. But this is not all. Entirely irrespective of this, I will guarantee to mature any corn in Minnesota that can be matured in Illinois or southern Iowa, by using my method.

"My method is simple, but successful. I eliminate the danger of the crow and the cutworm, the spring drought and the summer floods. It is merely to germinate the corn first by soaking it in warm water until it begins to sprout, then to plant it five inches deep with a spoonful of commercial fertilizer.

"In this way my corn is up two weeks before my neighbors. It will have its root five inches deep into the ground before the first green leaf appears. The crow will be unable to pull it up; the cutworm cannot burrow deep enough to hurt it; the drought will have no effect, for it will get its moisture from below, and it will be so well rooted that no floods will touch it.

"I predict that inside of 10 years Minnesota will be the greatest corn state in the union, and the growers will then smile at the statements made now that we cannot raise the same varieties of corn that Illinois and Iowa can."

Mr. Thorp's method has been studied by W. J. Spillman of the United States department of agriculture and has been adopted by him, as well as by representatives of both England and Germany, who have reported to their respective governments.

Mr. Thorp does not confine himself to corn growing, but carries his advanced methods into other lines of endeavor.

**MUSIC AND DRAMA**  
**"The Country Boy"**  
No picture of the struggles of a boy from the country who invades the city in an endeavor to make his fortune has been more graphically drawn than that by Edgar Selwyn in his comedy "The Country Boy," which the Henry B. Harris estate will present at the Brainerd opera house, Monday, Sept. 22. This particular boy is discontented and dissatisfied. He longs for the lights and the crowds. He does not see that in his own little town there are opportunities for success and good living greater than those to be found in the big city. It takes bitter experience to teach him this but he does learn it. But the story of this boy's struggles is so liberally interspersed with laughter that it provides one of the most delightful entertainments of many seasons.  
**"Freckles"**  
D. L. Martin, the producer of "Freckles," which comes to the Brainerd opera house Sunday, Sept. 21, has spared neither pains nor expense in staging this play in the most elaborate manner possible. In the first place there is an environment in "Freckles" which very few plays possess; chances for scenic investiture amazingly natural and picturesque; and when it is understood that Mr. Martin has brought it up to the highest standard of stage production both from scenic point of view and by means of a thoroughly competent

**THORP'S METHODS**  
Of Corn Raising Adopted by Agricultural Experts and Foreign Representatives  
The Minneapolis Journal of a recent date gives publicity to the following interview with Col. Thorp, of this county:  
"It is folly to say that Reed Yellow Dent corn cannot be grown in any part of Minnesota," said Freeman Thorp of Hubert, Minn., referring to the controversy started over this corn offered by the S. B. Wells of Pine county, disqualified by the first judges, but admitted later.  
Mr. Thorp is known as an artist and a successful horticulturist, who has attained many startling results on his demonstration tract near Hubert by his own peculiar methods.  
"People who say we have only 95 days for our corn season to Illinois' 120 forget that we have as many hours of sunlight as they, or nearly so, for we have in Northern Minnesota, 95 14-hour days, while they have 120 12-hour days. But this is not all. Entirely irrespective of this, I will guarantee to mature any corn in Minnesota that can be matured in Illinois or southern Iowa, by using my method.  
"My method is simple, but successful. I eliminate the danger of the crow and the cutworm, the spring drought and the summer floods. It is merely to germinate the corn first by soaking it in warm water until it begins to sprout, then to plant it five inches deep with a spoonful of commercial fertilizer.  
"In this way my corn is up two weeks before my neighbors. It will have its root five inches deep into the ground before the first green leaf appears. The crow will be unable to pull it up; the cutworm cannot burrow deep enough to hurt it; the drought will have no effect, for it will get its moisture from below, and it will be so well rooted that no floods will touch it.  
"I predict that inside of 10 years Minnesota will be the greatest corn state in the union, and the growers will then smile at the statements made now that we cannot raise the same varieties of corn that Illinois and Iowa can."  
Mr. Thorp's method has been studied by W. J. Spillman of the United States department of agriculture and has been adopted by him, as well as by representatives of both England and Germany, who have reported to their respective governments.  
Mr. Thorp does not confine himself to corn growing, but carries his advanced methods into other lines of endeavor.

**EAT CABBAGE, FISH SAUSAGE, NEW BREAD**  
No Indigestion, Gas, Sourness or Upset Stomach if You'll Take Pape's Diapiesin!—Try This!  
Do some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapiesin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.  
Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapiesin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.  
You feel different as soon as "Pape's Diapiesin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.  
Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapiesin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.—Adv.  
"Tales of Honey and Tar" From West and East  
Wm. Lee, Paskenta, Calif., says: "It gives universal satisfaction and I use only Foley's Honey and Tar Compound for my children." E. C. Rhodes, Middleton, Ga., writes: "I had a racking lagrippe cough and finally got relief taking Foley's Honey and Tar Compound." Use no other in your family and refuse substitutes. For sale by H. P. Dunn.—Adv. mwf
